

PROPOSED AGENDA

1. **Introduction (M. Raffray, Johnson Matthey).** 9:30 - 9:40
 - 1.1. Confidentiality and European Competition Law provisions.
 - 1.2. Approval of the Agenda.
 - 1.3. Tour de table and apologies of non-attendees.

2. **Revision and approval of minutes of first meeting (All).** 9:40 - 10:50
 - 2.1. Action points.
 - 2.2. Eurométaux' legal opinion and its impacts and context relative to the first meeting.
 - 2.3. Guidance on strict control.
 - 2.4. Decision tree.
 - 2.4.1. How to address prior upstream registration?

3. **Case studies / real world refinables examples (All).** 10:50 - 12:00
 - 3.1. Examine the state of member submissions on such feeds.
 - 3.2. Form these up based on template EINECS/ELINCS existing entries and examine / adapt to our purpose.
 - 3.3. The case studies / examples have to cover 1ary feeds, 2ary feeds, and intermediates as feeds.
 - 3.4. The goal is to identify descriptors for material feeds based on 3 criteria:
 - sufficiently broad categories to be useful to most PMC members;
 - a single 'substance' identifier analogous to existing EINECS/ELINCS entries;
 - if possible a build on an EINECS/ELINCS entry representing an established precedent, or devise a closely matching entry (regulatory acceptance is more likely).
 - 3.5. Is chemical characterisation and investigative work needed in context of RIP 3.10?
 - 3.6. What are the consequences of applying transported intermediate definitions to such feeds?

4. **Next steps (All).** 12:00 - 12:15
 - 4.1. Practical consequences of preceding discussion keeping in mind pre-registration targets.
 - 4.2. Define PM Refiners meeting schedule running up to pre-registration window.

5. **AOB.** 12:15 - 12:25

6. **Conclusion.** 12:25 - 12:30
