Brexit – the compliance challenge

- Transitional arrangements and future trading relationship still unknown
- Many variables, dependent on negotiations with EU
- Mutual recognition/changing standards/other issues?

What can you do?

- 2018 REACH registrations – your strategy
- What about SIEFs/Lead Registrant/OR arrangements?
- Talk to your supply chain and maintain regular contact

Some practical steps

- Data access arrangements – flexibility under REACH/BPR?
- Collate all relevant information
- Consider implications for other chemical compliance regimes (biocides including Article 95)
- Keep close to the debate
