

# Autumn B&B meeting - SEA Workshop

10 - 10 Oct 2018

Poll results

# Table of contents

- Platinum
- Silver

Platinum (1/18)

007

**Tonnage and representativeness : Do you think that the total tonnage of 120 platinum metal is a correct estimate covering 45% of the REACH EU market? By extrapolation this would mean a total of 265 tonnes of platinum metal.**

Yes

No, lower

No, higher

I do not know

Platinum (2/18)

007

**Tonnage and representativeness : Do you think that the total tonnage of 235 for the chloroplatinates is a correct estimate covering the REACH EU market?**

Yes

No, lower

No, higher

I do not know

Platinum (3/18)

006

**Tonnage and representativeness : Do you think that the total tonnage of 145 for the other platinum compounds in the PMC portfolio is a correct estimate covering the REACH EU market?**

Yes

No, lower

No, higher

I do not know

Platinum (4/18)

006

**Mass flow analysis : Do you think that the mass flow analysis represents a realistic mass flow?**

Yes

No

Platinum (5/18)

005

**Socio-economic data : Are the overall numbers in the figure representative?**

Yes

No

Platinum (6/18)

005

## Socio-economic data : Are the figures useful ?

Yes

No

Platinum (7/18)

006

**Socio-economic data : Are the number of workers in contact with the substance accurate?**

Yes

No, lower

No, higher

I do not know

Platinum (8/18)

005

**Tonnage distribution : Do you think the distribution of platinum and platinum compounds to the different end sectors is realistic?**

Yes

No

Platinum (9/18)

006

**Tonnage distribution : Pt metal : For the uses of platinum metal, do you think the % to intermediate is realistic?**

Yes

No, lower

No, higher

I do not know

Platinum (10/18)

006

**Tonnage distribution : Pt metal : For the uses of platinum metal, do you think the % to catalyst is realistic?**

Yes

No, lower

No, higher

I do not know

Platinum (11/18)

006

**Tonnage distribution : Pt metal : For the uses of platinum metal, do you think the % to jewellery is realistic?**

Yes

No, lower

No, higher

I do not know

Platinum (12/18)

006

**Tonnage distribution : Pt metal : For the uses of platinum metal, do you think the % to other is realistic?**

Yes

No, lower

No, higher

I do not know

Platinum (13/18)

006

**Tonnage distribution : Chloroplatinates :  
For the uses of chloroplatinates, do you  
think the % used as intermediate is  
realistic?**

Yes

No, lower

No, higher

I do not know

Platinum (14/18)

006

**Tonnage distribution : Karstedt concentrate : For the uses of Karstedt concentrate, do you think the % to the production of silicones is realistic?**

Yes

No, lower

No, higher

I do not know

Platinum (15/18)

006

**Tonnage distribution : Other Pt compounds : For the uses of other platinum compounds, do you think the % to the use as intermediate is realistic?**

Yes

No, lower

No, higher

I do not know

Multiple-choice poll

Platinum (16/18)

006

**Tonnage distribution : Other Pt compounds : For the uses of other platinum compounds, do you think the % to the use as catalyst precursor is realistic?**

Yes

No, lower

0 %

No, higher

0 %

I do not know

Multiple-choice poll

Platinum (17/18)

006

**Tonnage distribution : Other Pt compounds : For the uses of other platinum compounds, do you think the % to the use as catalyst is realistic?**

Yes

No, lower

0 %

No, higher

0 %

I do not know

Platinum (18/18)

006

**Tonnage distribution : Other Pt compounds : For the uses of other platinum compounds, do you think the % to the use in surface treatment is realistic?**

Yes

No, lower

No, higher

I do not know

Silver (1/22)

0 1 0

**Tonnage and representativeness : Do you think that the total tonnage of 6,700 silver metal is a correct estimate covering 65% of the REACH EU market? By extrapolation this would mean a total of 10,000 tonnes of silver metal.**

Yes

No, lower

No, higher

I do not know

Silver (2/22)

010

**Tonnage and representativeness : Do you think that the total tonnage of 1,050 silver nitrate is a correct estimate covering the REACH EU market?**

Yes

 10 %

No, lower

 0 %

No, higher

 10 %

I do not know

 80 %

Silver (3/22)

010

**Mass flow analysis : Do you think that the mass flow analysis represents a realistic mass flow?**

Yes

No

Silver (4/22)

009

**Socio-economic data : Are the overall numbers in the figure representative?**

Yes

No

Silver (5/22)

009

## Socio-economic data : Are the figures useful?

Yes

No

Silver (6/22)

010

**Socio-economic data : Are the number of workers in contact with the substance accurate?**

Yes

No, lower

No, higher

I do not know

Silver (7/22)

010

**Tonnage distribution : Do you think the distribution of silver and silver compounds to the different end sectors is realistic?**

Yes

No

Silver (8/22)

010

**Tonnage distribution : Silver metal : For the uses of silver metal, do you think the % to investment is realistic?**

Yes

No, lower

No, higher

I do not know

Silver (9/22)

010

**Tonnage distribution : Silver metal : For the uses of silver metal, do you think the % to alloys is realistic?**

Yes

No, lower

No, higher

I do not know

Silver (10/22)

010

**Tonnage distribution : Silver metal : For the uses of silver metal, do you think the % to batteries is realistic?**

Yes

No, lower

No, higher

I do not know

Silver (11/22)

010

**Tonnage distribution : Silver metal : For the uses of silver metal, do you think the % to electrical contacts is realistic?**

Yes

No, lower

No, higher

I do not know

Silver (12/22)

010

**Tonnage distribution : Silver metal : For the uses of silver metal, do you think the % to other industrial uses is realistic?**

Yes

No, lower

No, higher

I do not know

Silver (13/22)

010

**Tonnage distribution : Silver metal : For the uses of silver metal, do you think the % to intermediate use is realistic?**

Yes

No, lower

No, higher

I do not know

Silver (14/22)

010

**Tonnage distribution : Silver metal : For the uses of silver metal, do you think the % to professional uses is realistic?**

Yes

No, lower

No, higher

I do not know

Silver (15/22)

010

**Tonnage distribution : Silver nitrate : For the uses of silver nitrate, do you think the % to the production of silver or silver compounds is realistic?**

Yes

No, lower

No, higher

I do not know

Silver (16/22)

010

**Tonnage distribution : Silver nitrate : For the uses of silver nitrate, do you think the % to the production of catalysts is realistic?**

Yes

No, lower

No, higher

I do not know

Silver (17/22)

010

**Tonnage distribution : Silver nitrate : For the uses of silver nitrate, do you think the % to the production of glass/mirrors is realistic?**

Yes

No, lower

No, higher

I do not know

Silver (18/22)

010

**Tonnage distribution : Silver nitrate : For the uses of silver nitrate, do you think the % to the use in the photographic sector is realistic?**

Yes

No, lower

No, higher

I do not know

Silver (19/22)

010

**Tonnage distribution : Silver nitrate : For the uses of silver nitrate, do you think the % to the production of electrical contacts is realistic?**

Yes

No, lower

No, higher

I do not know

Silver (20/22)

010

**Tonnage distribution : Silver oxide : For the uses of silver oxide, do you think the % to the production of batteries is realistic?**

Yes

No, lower

No, higher

I do not know

Silver (21/22)

010

**Tonnage distribution : Silver oxide : For the uses of silver oxide, do you think the % to the production and use of chemicals, catalysts or formulations is realistic?**

Yes

No, lower

No, higher

I do not know

Silver (22/22)

010

**Tonnage distribution : Silver chloride : For the uses of silver chloride, do you think the % to the use as intermediate is realistic?**

Yes

No, lower

No, higher

I do not know
